

Comfort and savings start here

At OG&E, our goal is to help you save money and live more comfortably.

That's why our Home Energy Efficiency Program provides energy-saving tools, expertise and rebates to all our neighbors across Oklahoma. From attic to basement, we'll help you discover which upgrades works best for your home and budget—and be there to help you every step of the way.

BRING HOME THE SAVINGS

Improving your home is now easier than ever—and it all starts with our FREE online eScore™ profile. With a few easy questions, your eScore profile identifies trouble spots in your home and provides customized tips on how you can start saving.

Get started on the path toward a more comfortable, energy-efficient home at oge.com/escore.

*Incentive funds are limited. Please call 844-882-5746 to confirm fund availability and schedule work.

SAVE MORE WITH eSCORE

Complete your online eScore profile to see if your home could benefit from our free In-Home Assessment. This assessment is valued at \$250 and includes:

- An expert walkthrough analysis of your home's energy efficiency
- Up to 15 free LED bulbs
- Advanced power strips (up to two as needed)
- A custom Home Energy Report with recommended improvements
- Access to professional support, rebates and free products

THE COOLEST WAY TO SAVE

A cooler, more efficient summer starts with an OG&E A/C Tune-up.

An OG&E A/C Tune-up can boost your A/C unit's efficiency by up to 30 percent. Schedule yours today to receive a comprehensive tune-up valued at \$175*. Additional rebates are available for a high-efficiency replacement system through your A/C contractor.

Benefits:

- Longer-lasting, better-working equipment
- Great energy efficiency
- Improved comfort and humidity control

*Additional charges may apply.

DISCOVER EVEN MORE WAYS TO SAVE

OG&E rebates will help you pay less now so you can save more every day.

Attic Insulation

Depending on your current insulation's R-value, you could qualify for a rebate of up to \$500 when you upgrade to insulation rated R38 or higher.

Windows

We offer a \$50 rebate for each professionally installed ENERGY STAR® certified window (limit 7).

Instant Incentives on LEDs

Visit your local retailer and look for "Special Pricing from OG&E" signs for special deals on LED bulbs.

For more details on eScore and available rebates, visit oге.com/escore or contact us at 844-882-5746.
